Give your kids the academic advantage to compete in today's world — FOR AGES 3+

**KUMON
CAN GIVE
YOUR CHILD A
LIFETIME OF
ADVANTAGES.**

The Kumon Program is designed to advance your child's math and reading skills and love for learning — providing an academic advantage throughout school. The lifelong benefits often go far deeper. Kumon sparks critical thinking, establishes a pattern of success, and builds confidence that can lead to accelerated learning throughout life.

How the Kumon Method Began

**Kumon was created
by a dad who wanted the
best for his son.**

Over 60 years ago in Japan, a math teacher named Toru Kumon wanted to give his son, Takeshi, a love for learning. He also wanted to prepare him for high school, college and beyond.

**Short, incremental
assignments helped his son
master new concepts.**

Takeshi completed these assignments every day, mastering each concept before learning a new skill. The method was so successful that by sixth grade, he was solving calculus problems.

**As Toru's son started studying
far beyond grade level,
other parents took notice.**

Takeshi's abilities improved, and interest in Toru Kumon's unique, step-by-step, self-learning method grew. Today, Kumon has helped over 4 million students in 49 countries.

WHAT SETS KUMON APART:

1

Kumon goes far beyond tutoring.

This structured, self-learning program imparts the critical thinking skills and mindset to learn new materials independently. It helps your child develop a more positive attitude about learning.

2

Your child progresses at his or her own pace.

Regardless of academic level, your child progresses step-by-logical-step at a comfortable speed. Conquering challenge after challenge builds confidence and puts your child on the path to achievement.

3

Kumon delivers results in school and beyond.

With our disciplined worksheet approach, many Kumon Students are studying above grade level, which opens a new world of educational opportunities.

Our worksheets and individualized lesson plans are the keys to success.

Kumon Worksheets are designed to help your child develop self-learning skills that can last a lifetime.

- **Kumon Math Worksheets** progress from counting through calculus and beyond.
- **Kumon Reading Worksheets** move from pre-reading skills to Shakespeare.
- **Every worksheet** is a step more advanced than the one before, ensuring your child grasps a fundamental skill before moving on.
- **Daily assignments take about 30 minutes to complete**, and often include examples of how to solve problems. This empowers Kumon Students to learn new concepts on their own.
- **Two days a week**, your child completes assignments at the Kumon Center. The other five days, worksheets are completed at home.
