

Small Steps. Big Advancement.

Kumon is a supplemental learning program that helps children from preschool through high school develop strong math, reading and writing skills. The proven Kumon Method uses a step-by-step approach to learning that ensures children advance by ability, not grade. Each worksheet set is one small step more advanced than the previous set.

Learn more about how Kumon's time-tested curriculum works alongside your kid's learning.

High School Reading

CRITICAL READING

Students view texts from the perspective of authors and critics.

CHARACTER ANALYSIS

Students improve their critical reading ability by analyzing literary characters.

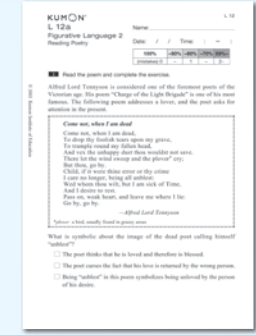

ELEMENTS OF LITERATURE

Students deepen their understanding of plot, setting, atmosphere, irony, and comedy.

FIGURATIVE LANGUAGE

Students learn figurative language, such as metaphors, similes, and symbols.

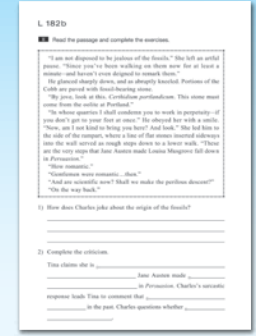

INTERPRETATION

Students interpret texts by validating given interpretations of passages.

CRITICAL WRITING

Students write critically about passages, using the reading skills they've developed.

AND BEYOND...

Students who complete the Kumon Reading Program are equipped to read advanced texts, allowing them to study any subject with confidence.
